“ Charlotte

So very sad to hear about the love of your life. I know how much you will miss him. I didn't know him very well, but I only heard good things about him from your sweet mama. May your deep faith in the Lord help you and the girls through the days to come. Know you will be in my prayers and in my heart.

“ My thoughts and prayers go out to all of David's family. Even though I didn't know all of you personally, I felt like I did through David's words. I had worked with him at AEDC since 1985, which is when I first got there, until the day he left our Quality group. He shared many stories of his family, of whom he was extremely proud of. He also shared some stories of his days spent as a soldier in Vietnam and the memories that haunted him. For that service that he provided, I am proud of him and grateful that he believed in his country so much that he was willing to risk his life for us. I was truly sorry that he had to go through so much the past few years, but was glad to know he had his family there to support him. God Bless All of You and may He provide you comfort and strength for as long as you need it!!!
